

**BUREAU
VERITAS**

(1) **EU - Type Examination Certificate**

(2) Equipment and protective systems intended for use in potentially explosive atmospheres – **Directive 2014/34/EU**

(3) EU - Type Examination Certificate Number

EPS 15 ATEX 1 075

Revision 2

(4) Equipment: ALI 3.910..Ex..

(5) Manufacturer: PRÜFTECHNIK Dieter Busch AG

(6) Address: Oskar-Messter-Straße 19-21, 85737 Ismaning, Germany

(7) This equipment and any acceptable variation thereto are specified in the annex to this certificate and the documentation therein referred to.

(8) Bureau Veritas Consumer Products Services Germany GmbH, notified body No. 2004 in accordance with Article 21 given in the Directive 2014/34/EU of the European Parliament and of the Council of 26 February 2014, certifies that this equipment has been found to comply with the essential health and safety requirements relating to the design and construction of equipment and protective systems intended for use in potentially explosive atmospheres, given in Annex II of the Directive. The examination and test results are recorded in the confidential documentation under the reference number 15TH0166.

(9) Compliance with the essential health and safety requirements has been assured by compliance with:

EN 60079-0:2012+A11:2013

EN 60079-11:2012

EN 60079-28:2015

(10) If the sign "X" is placed after the certificate number, it indicates that the equipment is subject to special conditions for safe use specified in the annex to this certificate.

(11) This EU - Type Examination Certificate relates only to the design and examination of the specified equipment in accordance with Directive 2014/34/EU. Further requirements of this Directive apply to the manufacture of this equipment and its placing on the market. Those requirements are not covered by this certificate.

(12) The marking of the equipment shall include the following:

 II 2G Ex ib op is IIC T4 Gb

(13)

Annex

(14) EU - Type Examination Certificate EPS 15 ATEX 1 075

Revision 2

(15) Description of equipment:

The ALI 3.910..Ex.. is a battery-powered part of a laser-optical alignment system provided by Prüftechnik. It generates a laser beam with an optical power < 1 mW. The optical power of the laser diode is limited to 35 mW (according to EN 60079-28) by two independent electronic current-limitation circuits.

Maximum ambient temperature range: $-10\text{ °C} \leq T_{\text{amb}} \leq +50\text{ °C}$
Degree of protection provided by enclosure: $\geq \text{IP20}$

Electrical data

Supply: 2 Alkaline-Batteries connected in series,
type Zn/MnO₂, 2 x 1.5 V
Optical output power laser: < 1 mW
Optical output power laser (failure): < 35 mW

(16) Reference number: 15TH0166

(17) Special conditions for safe use:

None.

(18) Essential health and safety requirements:

Met by compliance with standards.
